February 5, 2016  “An Update On Cystic Fibrosis-Related Endocrinopathy”

Toks Omoruyi, MD
Assistant Professor
Pediatric Endocrinology
University of Louisville School of Medicine
Louisville, Kentucky

Learning Objectives: 1) Review CFTR pathophysiology
2) Review the trends in prevalence and management of:
   a. CF related diabetes
   b. CF related bone disease
   c. CF related growth and pubertal disorders

Disclosure(s): Dr. Omoruyi reports no disclosures.

February 12, 2016  “Hypertension in Kids & Adolescents: A Growing Health Problem”

Siddarth Shah, MD
Assistant Professor
Pediatric Nephrology
University of Louisville School of Medicine
Louisville, Kentucky

Learning Objectives: 1) Understand the pathophysiology and mechanisms of pediatric hypertension
2) Accurate diagnosis and staging of pediatric hypertension
3) Evaluation of pediatric hypertension in primary care and pediatric clinics
4) Understand the role of pharmacological and non pharmacological interventions in treatment of hypertension
5) Learn strategies for quality improvement in screening, diagnosis and management of hypertension

Disclosure(s): Dr. Shah reports no disclosures.

ACCREDITATION: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Norton Healthcare and the University of Louisville Department of Pediatrics. Norton Healthcare is accredited by the Kentucky Medical Association (KMA) to provide continuing medical education for physicians. DESIGNATION: Norton Healthcare designates this live activity for a maximum of 1 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Fridays, Second Floor Auditorium - Norton Hospital

7:30 – 8 a.m.: Continental Breakfast and Announcements
8 – 9 a.m.: Grand Rounds Presentation

February 19, 2016  “CT: Benefits vs. Risks in Pediatric Neuroradiology”

Karen Moeller, MD
Director of Neuroradiology
Kosair Children’s Hospital
Louisville, Kentucky

Learning Objectives:  1) Review radiation and possible risks
                     2) Show benefits of CT

Disclosure(s): Dr. Moeller reports no disclosures.

February 26, 2016  “Where Ethics and Medical Education Collide: Death, Deception, and Difficult Conversations in Simulations”

Aaron W. Calhoun, MD
Associate Professor
Department of Pediatrics
University of Louisville School of Medicine
Director, SPARC Program
Kosair Children’s Hospital
Louisville, Kentucky

Learning Objectives:  1) Describe current ethical controversies in simulation-based medical education
                    2) Understand newly published theoretical frameworks addressing the use of
debtption and mannequin death
                    3) Understand how qualitative approaches can assist in answering difficult questions
in education
                    4) Understand how simulation can be used to recreate ethically challenging doctor-
patient situations

Disclosure(s): Dr. Calhoun reports no disclosures.
