Dear Norton Healthcare Family Member:

Thank you for everything you do to care for the people of our community. Whether you provide bedside care or support those who do, we appreciate the compassionate care and great human interactions you provide every day.

2020 will bring even more health and well-being programs, providing you with additional tools and choices to help you take care of yourself and your families.

In this guide and the corresponding Quick Enrollment Guide, you will find details on everything listed above and much more, so you can make choices about the benefits that work best for you. Eligible employees now can take up to five paid days off after the loss of a spouse, child, parent or sibling; three days after the loss of a grandparent or grandchild; and one day after the loss of an aunt, uncle, cousin or ex-spouse. This includes relatives by marriage (e.g., stepchild, mother-in-law).

Fertility benefit
Enhanced medical and pharmacy coverage will be available for employees seeking fertility treatments. The Tier 2 benefit will cover fertility treatments with a lifetime cap of $25,000 medical and $10,000 pharmacy, with 90% coinsurance after the deductible. Regular plan rules such as deductibles and out-of-pocket maximums will apply.

FlexTime
Employees with nine or fewer years of service will accrue FlexTime at a quicker pace and will accrue up to an additional 16 hours per year based on their FTE status.

Health plan deductibles and copays
Tier 1 deductibles for the Norton Healthy Living Plan have decreased by $500 for single coverage and $1,000 for family coverage. The new deductibles will be $1,750 for single and $3,500 for family. In addition, office visits for Tier 1 and Tier 2 primary care will have a $20 copay. Office visits at Norton Prompt Care at Walgreens will have a $25 copay with the Norton Healthy Living Plan.

Identity and credit protection
This benefit, through InfoArmor, offers two new enhancements: a tax fraud advance and retirement plan/Health Savings Account reimbursement protection.

N Good Health wellness credit
PRN employees and their spouses who complete the N Good Health 4 steps can earn the $35 wellness credit if they have Norton Healthcare medical insurance.

Physical therapy
Employees will have $25 copays for each physical therapy session at all Norton Healthcare and KORT locations with the Norton Healthy Living Plan.

Student loan wellness
This web-based program offers employees with student loans a portal to view all loans regardless of the number and financial institution who holds the loans. **DID YOU KNOW?**

This guide highlights many benefits available to you. Every effort has been made to ensure the accuracy of this information. However, the actual administration of the plans is governed by plan documents and insurance agreements. In the event of a discrepancy between these highlights and the plan documents and agreements, the documents and agreements take precedence.
Medical coverage

Medical plan descriptions

Norton Healthcare offers two medical plans:

- Norton Healthy Living Plan with employer-funded Health Reimbursement Account (HRA)
- Norton High-Deductible Health Plan (HDHP) with optional employee-funded Health Savings Account (HSA)

Claims for both plans will be processed by Anthem.

The customer service number for Anthem is (844) 344-7416.

Both plans are self-insured by Norton Healthcare and are preferred provider organization (PPO) plans.

What does it mean that Norton Healthcare is self-insured?

Being self-insured means Norton Healthcare pays for all medical claims. Anthem simply administers the medical plans.

- This allows Norton Healthcare to design the medical plans offered to employees based on how employees use their plans.
- The employee premiums and a budgeted amount by Norton Healthcare are paid into a medical insurance fund that is administered by a third-party payer (Anthem).
- The cost of claims and administration are paid out of the medical insurance fund. However, if the costs exceed the amount in the fund, Norton Healthcare must cover those costs.
- Self-insured, employer-sponsored plans are generally more efficient and beneficial to employees because they can be designed to meet the employees’ needs.

What is a PPO?

PPO plans have a network of participating providers. You pay less if you use in-network providers. You can use providers and facilities outside of the network for an additional cost. In-network and out-of-network providers are described on pages 8 and 9.

Norton Healthy Living Plan with employer-funded Health Reimbursement Account

- This plan includes a Health Reimbursement Account (HRA), which is funded by Norton Healthcare with a specific amount based on the level of coverage you elect. See page 8 for amounts. (Funds are prorated for new employees who start after Jan. 1 and those who change their level of coverage during the year.)
- Employees who choose the Norton Healthy Living Plan will receive a card like this:

DID YOU KNOW?

The Norton High-Deductible Health Plan provides noncreditable* prescription coverage as defined by Medicare. If you and/or your spouse are eligible for Medicare or nearing eligibility, you may want to meet with a benefits education specialist before you elect your medical benefits.

*Noncreditable coverage: Prescription drug coverage that is not as good as the drug benefit under Medicare. The coverage is not expected to pay (on average) as much as the standard prescription drug coverage under Medicare Part D.
Norton High-Deductible Health Plan with optional Health Savings Account

- The Norton High-Deductible Health Plan is a low premium, IRS-qualified plan that allows you to elect an optional Health Savings Account (HSA) to help pay for unreimbursed expenses, similar to a flexible spending account (FSA).

Employees who choose the Norton High-Deductible Health Plan will receive a card like this:

If you have elected to contribute to an HSA, you will receive a separate card from Discovery Benefits to access those funds (see page 15).

- An HSA is employee-funded, employee-owned and portable. Contributions roll over from year to year. See more details on page 14.

- Most medical treatments under this plan, including physician services, office visits and hospital services, require your deductible to be met before the services are covered at the applicable level.

- The Preventive Rx program covers selected preventive prescription drugs, including certain asthma and diabetes medications. Copays for these medications are credited toward your out-of-pocket maximum (which is not typical of most plans).

- All other prescription medications are available at a discounted rate, and the costs are credited toward your deductible. Once the deductible is met, prescription copays will apply and amounts paid will be credited toward your out-of-pocket maximum.

**Portable**: A benefit that you can take with you if you leave Norton Healthcare. It can be transferred to an individual plan or a new employer’s plan.

**DID YOU KNOW?**

You can earn up to $1,820 per year in wellness credits ($910 for you and $910 for your eligible spouse) by completing the N Good Health 4 steps.

Prescription drug coverage

Our medical plans offer prescription coverage through CVS/Caremark. During open enrollment for 2020 benefits, you can call CVS/Caremark at (888) 266-5691 for information about medication pricing (by plan). You can also visit Info.Caremark.com/norton to view information about the CVS/Caremark benefit for the plan year. The website is available year-round and provides access to benefits highlights and pricing for medications (by plan), a list of drugs in the plan formulary and a pharmacy locator.

Drug formularies may change throughout the year, so always discuss generic choices with your provider.

Once you’ve registered with CVS/Caremark, you will find even more tools on the website to help you manage your medications and lower your costs. It also gives you access to a pharmacist available to answer questions anytime, day or night.

CVS/Caremark also offers a mobile app that enables you to view your medications, set reminders to take your medication, receive notifications when your supply is running low, look up potential lower-cost prescriptions and much more.

Specialty pharmacy

If you are prescribed a specialty medication, you can have your prescription filled at Norton Specialty Pharmacy at Norton Women’s & Children’s Hospital, Walgreens Specialty Pharmacy or CVS Specialty Pharmacy. These are the only in-network pharmacies for specialty medications.

90-day prescription discounts

Both medical plan choices include a 90-day prescription discount plan for maintenance medications. You will save money on copays by filling one 90-day prescription instead of three 30-day prescriptions.

The 90-day prescription discount program is available at Norton Pharmacy locations, via mail order through CVS/Caremark and at participating retail pharmacies.

Costs for employees statused to work fewer than 32 hours per pay period and registry‡ employees are not paid through payroll deduction. Premium payments will be billed directly by Discovery Benefits, our third-party billing vendor.

†Statused to work: The number of hours per pay period an employee is hired to work. The FTE (full-time equivalent) also may be noted. An employee statused to work 80 hours a pay period (40 hours a week) would have an FTE of 1.0. The number of hours an employee is statused to work may not be the same number of hours an employee actually works or is scheduled to work in any particular pay period.

‡Registry employees: Employees hired to work at Norton Healthcare on an “as needed” basis. They also may be referred to as PRN. They are statused to work 8 hours per pay period (0.1 FTE).

How to choose a medical plan
Everyone’s personal circumstances differ, which is why one medical plan is not suitable for everyone. Here are some factors to consider when choosing a plan:

- What medical services do you and your family use? Look at your prior claims history and/or consider any planned procedures or surgeries.
- How often do you use medical services?
- How much do you want to pay? Plans with lower biweekly premiums generally require larger payments when medical care is provided.

Request a personal benefits enrollment consultation with a benefits education specialist.

Call (302) 629-BENE (2363), option 2, to make an appointment.

Don’t overinsure yourself!

Need help? Call the Norton Service Center at (502) 629-8911, option 2.
Medical providers

Norton Healthcare facilities, Norton Medical Group and Norton Cancer Institute providers are considered in-network (Tier 1). With more than 1,000 physicians, nurse practitioners and physician assistants at more than 250 locations in Greater Louisville, Norton Healthcare provides access to a large network of primary and specialty care providers in our area.

We encourage you to use Norton Healthcare providers. Keeping your health care dollars “in the family” increases our ability to improve the care and services we provide to you and our community, as well as staffing, salaries and equipment.

Finding a provider

To find a Norton Medical Group or Norton Cancer Institute provider:

- Visit MyNortonProvider.com or call the Norton Healthcare Access Center at (502) 629-1234, option 3, to make an appointment. It’s that easy.

To find a specialist not available through Norton Medical Group, such as an allergist or dermatologist:

- Visit Find a Provider on Anthem.com/NortonHealthcare. Click on “Find a Doctor” and then choose either Norton Healthcare Tier 1 or Anthem Blue Access PPO Tier 2. Enter alpha prefix JNH, click on “Continue” and then select the doctor or facility. Use your ZIP code to narrow your choices. You also may call Anthem at (844) 344-7416 to obtain a list of providers or to verify if your provider is a participant in Tier 1, Tier 2 or Tier 3 (out of network).

Norton Pharmacy

All Norton Pharmacy locations are full-service retail pharmacies available to employees and patients. They offer everything other retail, mail-order and specialty pharmacies do, along with personal service, private consultation areas, immunizations and the lowest cost available to Norton Healthcare employees. And when you use a Norton Pharmacy, the dollars stay in the Norton Healthcare system, which benefits all employees.

Copays for employees on a Norton Healthcare medical plan are:

- At least $5 lower at a Norton Pharmacy than other community pharmacies
- $0 for 90-day supplies of generics and $75 for 90-day supplies of preferred brand drugs; $0 copays do not apply to generic specialty drugs

For Norton High-Deductible Health Plan members, the deductible must be met before the copay applies. For more information about Norton Pharmacy locations or transferring prescriptions, call one of the pharmacy numbers below.

Norton Immediate Care Centers

Norton Immediate Care Centers serve adults and children seeking walk-in medical care for minor illnesses and injuries. It’s the place to go when an emergency room visit is not necessary and your primary care provider’s office is closed or you’re unable to get an appointment.

Most centers are open daily, 9 a.m. to 9 p.m., including holidays. Several locations have extended hours, including one open 24/7. Norton Children’s After Hours pediatric care is available at the Preston location, Monday through Friday, 5 to 9 p.m.; Saturdays, 1 to 9 p.m.; and Sundays, 9 a.m. to 9 p.m.

Use the Norton Healthcare mobile app or visit NortonHealthcare.com/ICC to find the most convenient location for you, view wait times and even reserve your spot online.
Medical coverage

How do I decide if I should go to the emergency room, an immediate care center or wait to see my primary care physician?

• Emergency rooms should be used only for true medical emergencies. These are significant health issues that require immediate treatment, such as:
  • Chest pain, shortness of breath and other symptoms of heart attack or stroke
  • Major broken bones
  • Significant, uncontrollable bleeding

• Go to an immediate care center when you need prompt evaluation and treatment for a condition that is not a true medical emergency. See the chart for a list of services commonly treated at immediate care centers. Visiting a Norton Immediate Care Center instead of the emergency room also will save you time and money.

• Your primary care physician should be your first call when the situation does not require immediate attention. Your doctor has your records, knows your health history and can help determine what type of care is best for you. If you still need help determining whether you should go to the emergency room, visit a Norton Immediate Care Center or schedule an appointment with your primary care physician.

*List of eligible expenses for FSAs and HSAs is available at DiscoveryBenefits.com/EligibleExpenses. Discovery Benefits also administers a spending account to help you pay for commuter expenses. See “Additional benefits” on page 26 for details.

Need help? Call the Norton Service Center at (502) 629-8911, option 2.
Using your spending accounts

Depending on the plans you choose, you may receive up to three Discovery Benefits debit cards. Debit cards are valid for four years; see the front of your card for the expiration date. You will receive a new card automatically before your card expires.

If you are enrolled in an HRA or HSA, your card will look like this:

![HRA card image]

If you have more than one type of spending account (HRA, HSA and FSA), you have a separate debit card for each. Be sure to use the right card because funds and claims cannot be transferred between accounts.

If you are enrolled in one or both of the FSA accounts, your card will look like this:

![FSA card image]

Based on your enrollment, you will receive two cards per spending account automatically. Cards are for employee and spouse or dependent over 18 years old. You may request additional cards through your online consumer account or by contacting Discovery Benefits.

Access to all accounts will be available at DiscoveryBenefits.com.

Discovery Benefits’ mobile app is available for iPhone, iPad and Android devices. It is free to download from the iTunes or Google Play stores. It allows you to:

- Check balances and manage all of your accounts.
- Submit health care and dependent care claims.
- Submit Explanations of Benefits (EOBs) or itemized receipts.
- Contact customer service.

DID YOU KNOW?

Remember, starting Jan. 1, 2020, your HRA card can be used only for 2020 expenses. Your HRA debit card cannot be used for expenses incurred in a prior year, even if funds are available in your account for that year. Example: You have an emergency and go to the hospital on Dec. 30, 2019. You receive the bill in January 2020. Because the services were provided in the prior calendar year, you cannot use your HRA card to pay. You can log in to your Discovery Benefits account and use the “Pay the Provider” option for filing the claim through March 31. The other option is to pay the bill and then file for reimbursement through your Discovery Benefits account. The same applies to your dependent day care FSA. After Jan. 1, you must pay for 2019 expenses out of pocket and then submit a reimbursement request or use the “Pay the Provider” option. Claims for 2019 must be submitted by March 31, 2020.

How do I use my funds?

Participants in a Health Reimbursement Account, health care FSA and dependent day care FSA may use these choices:

- **Swipe your Discovery Benefits debit card** to pay for services.
- **Out-of-pocket reimbursement.** Pay for the services, then file a reimbursement claim online.
- **File a claim** from your smartphone.
- **Pay the provider.** Have Discovery Benefits send payments directly to your provider. Participants in the Health Savings Account may use their Discovery Benefits card or make distribution requests, which can be paid directly to the provider or paid to you.

For more information on these choices, visit DiscoveryBenefits.com or call (866) 451-3399.
Spending accounts

Verifying or documenting expenses

The IRS requires that certain purchases be verified or documented as eligible expenses. Discovery Benefits will notify you through your work email when you need to verify a card transaction. For more information, go to DiscoveryBenefits.com or call (866) 451-3399.

How do I complete the verification process?

- **Online** – Log into your Discovery Benefits account, enter the claim information and upload your documentation.
- **Mobile application** – Locate your claim in the Discovery Benefits mobile app, then simply take a picture of your document with your phone.
- **Fax or mail** – Download the claim form from DiscoveryBenefits.com. Fax it along with your documentation to (866) 451-3245 or mail it to Discovery Benefits, P.O. Box 2926, Fargo, ND 58108-2926.

Your documentation (an explanation of benefits statement is recommended) will need to include five key pieces of information:

- Date of service
- Type of service
- Provider’s name
- Patient’s name
- Amount you were responsible for paying

If the expense is for over-the-counter medicines, a doctor’s prescription or note is required. Failure to substantiate claims will result in your being taxed on any unsubstantiated claim when the plan year closes.

**REMINDER!**

The health care FSA has a grace period that works as an extension of the 2019 plan year. If you have a remaining balance, you may use your Discovery Benefits card for 2019 eligible expenses through March 15, 2020. (This grace period does not apply to the dependent day care FSA or the HRA.)

When you use your Discovery Benefits debit card at designated Norton Healthcare facilities, you will not need to verify medically eligible medical expenses. (Nonmedical purchases will still be denied.)

**DID YOU KNOW?**

If you are enrolled in Medicare, you may continue using your previously contributed HSA funds for out-of-pocket expenses, including Medicare premiums. However, you may no longer contribute to the HSA account.

- Employee-owned, meaning you can take your policy with you at the same rate if you retire or change jobs
- As long as premiums are paid, your rate is guaranteed never to increase
- Available for you, your spouse, your children and/or your grandchildren
- To file a claim, contact Boston Mutual at (800) 669-2668.

For additional information or to enroll, call (302) 629-BENE (2363), option 2, to make an appointment with a benefits education specialist.

DID YOU KNOW?

- Norton Healthcare provides basic life insurance at no cost if you are statused to work 32 hours (.4 FTE) or more per pay period. If you and your spouse are both employed at Norton Healthcare with that status, you cannot carry spouse life coverage.
- If your dependent child works for Norton Healthcare and is eligible for basic life through Norton Healthcare, you may not carry dependent life insurance coverage on him or her, and only one of you can cover your dependent for medical, dental and vision insurance.

DID YOU KNOW?

If your dependent was disabled prior to the effective date of coverage, he or she may not be eligible for the full amount of life and AD&D coverage elected.
Disability benefits

If you are unable to work due to illness or injury, disability insurance provides partial income replacement.

Pre-existing condition limitations
Limitations for pre-existing conditions will apply for the first 12 months from the effective date of your coverage if you are electing disability coverage for the first time.
The insurance company will not pay for benefits for any period of disability caused by, contributed to or resulting from a pre-existing condition if it is within the first 12 months of the effective date.

Short-term disability
Norton Healthcare will automatically enroll you in employee-paid short-term disability coverage equal to 75% of your base salary. You may choose to waive this coverage and its cost when you make your benefits elections.

- Benefits begin after the seventh consecutive calendar day of disability.
- Benefits are paid for up to 26 weeks (180 days) as long as you qualify.
- Disability costs are paid through payroll deduction on a pretax basis. The amount of the payments will be based on the hours and earnings an employee is statused to work. Statused to work refers to the number of hours an employee is hired to work and may not be the same as scheduled hours. You will find details when you come to the short-term disability section during the online enrollment process.

Long-term disability
- Norton Healthcare offers eligible employees the opportunity to purchase long-term disability benefits, which begin after you have been disabled by injury or illness for 26 weeks (180 days) upon approval of the claim.
- Norton Healthcare automatically provides eligible employees with basic long-term disability insurance equal to 50% of base salary. The maximum monthly benefit is $2,500.
- Norton Healthcare automatically enrolls you in employee-paid additional long-term disability coverage equal to 60% of your base salary. You may choose to waive this additional coverage and its cost when you make your benefits elections. The maximum monthly benefit is $10,000.
- The cost per pay period is based on salary and hourly status (FTE) and will adjust with each change in salary. You will find details when you come to the long-term disability section during the online enrollment process.

To file a disability claim, contact Unum at (800) 572-6352.

Parental leave benefits
Norton Healthcare provides up to four weeks of paid time off at 100% pay for birth mothers and fathers, and adoptive parents.

- For birth mothers who carry short-term disability coverage, parental leave will be paid after the short-term disability ends, giving them a total of up 12 weeks of time off.
- For fathers, adoptive parents and birth mothers who do not carry short-term disability coverage, parental leave is paid immediately when the leave begins. The amount of the payments will be based on the hours an employee is statused to work and the employee’s earnings. Statused to work refers to the number of hours an employee is hired to work and may not be the same as scheduled hours. Full-time equivalent (FTE) also may be noted. Leave can be taken within the first year of the birth or adoption.

To file for parental leave benefits, call Unum at (800) 572-6352.
Planning for retirement

Our employees are what make us great, which is why we strive to provide exceptional benefits. We know that benefits choices can be confusing, especially retirement plans. Below is a brief breakdown of the Norton Healthcare 403(b) retirement savings plans and a few action steps to take.

Plan highlights

- **Auto enrollment:** You will be enrolled automatically in the 403(b) plan 30 days after your start date at a contribution rate of 6%. You may elect a different contribution amount at any time.
- **Matching contributions:** Norton Healthcare will match 100% of your contributions up to 4%.
- If we achieve or exceed our stewardship goal for the year, Norton Healthcare will make an additional match based on years of service:
  - For your first 10 years of service, the additional match will be 50% on the next 2%.
  - Once you reach 10 years of service, the additional match increases to 100% on the next 2% — so stick around.
  - Make sure you contribute at least 6% of your pay to receive the full match.
- Your contribution rate will increase 1% each year until it reaches 10%.
- Matching contributions are made per pay period. This allows you to take advantage of compound earnings.

It also means that matching contributions stop if you stop contributing or if you reach the maximum contribution limit for the year, so make sure you contribute all year long to take full advantage of the match!

MEDICARE PART D NON-CREDITABLE COVERAGE NOTICE

NORTON HEALTHCARE – HIGH DEDUCTIBLE HEALTH PLAN

IMPORTANT NOTICE FROM NORTON HEALTHCARE ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Norton Healthcare and about your options under Medicare’s prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you, and the same may be true. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1) Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2) Norton Healthcare has determined that the prescription drug coverage offered by the Norton Healthcare Health Living Plan (“Plan”) is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered “creditable” prescription drug coverage. This is important for the reasons described below.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

Enrolling in Medicare—General Rules

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, including the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

Late Enrollment and the Late Enrollment Penalty

If you decide to enroll in a Medicare drug plan you may enroll later, during Medicare Part D’s annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment to Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go 63 continuous days or longer without “creditable” prescription drug coverage (that is, prescription drug coverage that’s at least as good as Medicare prescription drug coverage), your monthly Part D premium may go up by at least 1% of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go 19 months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. However, there are some important exceptions to the late enrollment penalty.

Special Enrollment Period Exceptions to the Late Enrollment Penalty

There are “special enrollment periods” that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, as long as you enroll within specific time periods. For example, if you change your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes “creditable” prescription drug coverage, you will be eligible to enroll in a Medicare drug plan at that time.

In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Norton Healthcare Health Living Plan’s summary plan description for a summary of the Plan’s prescription drug coverage. If you don’t have a copy, you can get one by contacting us at the telephone number or address listed below.

Coordinating Other Coverage With Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Norton Healthcare Health Living Plan due to your employment (or someone else’s employment, such as a spouse or parent), your coverage under the Norton Healthcare Health Living Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan’s summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Norton Healthcare Health Living Plan prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan’s eligibility and enrollment rules. You should review the Plan’s summary plan description to determine when you are allowed to add coverage.

For More Information About This Notice or Your Current Prescription Drug Coverage, Contact the person listed below for further information, or call (502) 629-8911, Option 2. NOTE: You’ll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Norton Healthcare changes. You also may request a copy, for more information about Medicare prescription drug coverage.

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare plans.

For more information about Medicare prescription drug coverage:

• Visit www.medicare.gov.

• Call your State Health Insurance Assistance Program (see the inside back cover of your “Medicare & You” handbook for their telephone number) for personalized help.

• Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For more information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778)

There are “special enrollment periods” that allow you to enroll in a Medicare drug plan months or even years after you first became eligible to do so, as long as you enroll within specific time periods. For example, if you do not enroll in a Medicare drug plan during your Medicare Part D initial enrollment period, and you then go 18 months without “creditable” prescription drug coverage before enrolling in a Medicare drug plan, your Medicare drug plan premium may be at least 19 percent higher than the premium you otherwise would have paid. You have to pay this higher premium for as long as you have Medicare prescription drug coverage.

Please note again that Norton Healthcare has determined the prescription drug coverage you currently have through its plans is “creditable.” This means that if you do not enroll in a Medicare drug plan during your initial enrollment period, and don’t have or acquire “creditable” prescription drug coverage during the ensuing 63 days, you will pay a late enrollment penalty when you ultimately enroll in a Medicare drug plan.

Special Enrollment Periods and Exceptions to the Late Enrollment Penalty

There are “special enrollment periods” that allow you to enroll in a Medicare drug plan months or even years after you first became eligible to do so, as long as you enroll within specific time periods.
depends on whether you are moving to a Medicare drug plan from creditable or non-creditable prescription drug coverage.

If after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored coverage, you will be eligible to enroll in a Medicare drug plan during a 2-month special enrollment period. If your employer- or union-sponsored prescription drug coverage was "creditable" coverage, your enrollment in a Medicare drug plan will be without a late enrollment penalty if you did not wait 33-consecutive days or more before you enroll in "creditable" coverage after your Medicare Part D initial enrollment period). On the other hand, if the coverage was "non-creditable" your enrollment in the Medicare drug plan will be subject to a late enrollment penalty unless you had non-creditable coverage for fewer than 63 consecutive days after your Medicare Part D enrollment period.

In addition, if through no fault of your own you otherwise lose creditable prescription drug coverage (e.g., your employer- or union-sponsored plan’s coverage changes from creditable to non-creditable, or you lose creditable prescription drug coverage under an individual policy), you will be able to join a Medicare drug plan without penalty. This special enrollment period ends two months after the month in which your other coverage ends.

Please write again that Norton Healthcare has determined the prescription drug coverage you currently have through its plan is NOT "creditable" coverage. This means when you lose or decide to leave coverage under the Norton Healthcare High Deductible Health Plan after your initial Medicare Part D enrollment period you will pay a late enrollment penalty when you ultimately enroll in a Medicare drug plan.

Compare Coverage
You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Norton Healthcare High Deductible Health Plan’s summary plan description for a summary of its prescription drug coverage. If you don’t have a copy of the summary plan description, you can get one by calling Norton Healthcare at the telephone number or address listed below.

Coordinating Other Coverage With Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Norton Healthcare High Deductible Health Plan due to your employment (or someone else’s) use of your health plan, your coverage under the Norton Healthcare High Deductible Health Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information, the plan program pays first, to the degree to which it is consistent with the Plan’s summary plan description or contact Norton at the telephone number or address listed below.

If you decide to join a Medicare drug plan and drop your Norton Healthcare High Deductible Health Plan prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan’s eligibility and enrollment rules. You should review the Plan’s summary plan description to determine if and when you are allowed to re-enroll or add coverage.

Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).
