Medical coverage

Medical plan descriptions

Norton Healthcare offers two medical plans:

- Norton Healthy Living Plan with employer-funded Health Reimbursement Account (HRA)
- Norton High-Deductible Health Plan (HDHP) with optional employee-funded Health Savings Account (HSA)

Claims for both plans will be processed by Anthem. Both plans are self-insured by Norton Healthcare and are preferred provider organization (PPO) plans.

The customer service number for Anthem is **(833) 812-1795**.

What does it mean that Norton Healthcare is self-insured?

Being self-insured means Norton Healthcare pays for all medical claims. Anthem simply administers the medical plans.

- This allows Norton Healthcare to design the medical plans offered to employees based on how employees use their plans.
- The employee premiums and a budgeted amount by Norton Healthcare are paid into a medical insurance fund that is administered by a third-party payer (Anthem).
- The cost of claims and administration are paid out of the medical insurance fund. However, if the costs exceed the amount in the fund, Norton Healthcare must cover those costs.
- Self-insured, employer-sponsored plans are generally more efficient and beneficial to employees because they can be designed to meet the employees' needs.

What is a PPO?

PPO plans have a network of participating providers. You pay less if you use in-network providers. You can use providers and facilities outside of the network for an additional cost. In-network and out-of-network providers are described on pages 8 and 9.

Norton Healthy Living Plan with employer-funded Health Reimbursement Account

- This plan includes a Health Reimbursement Account (HRA), which is funded by Norton Healthcare with a specific amount based on the level of coverage you elect. See page 8 for amounts. (Funds are prorated for new employees who start after Jan. 1 and those who change their level of coverage during the year.)
- Employees who choose the Norton Healthy Living Plan will receive a card like this:

		BLUE ACCESS

- You will receive a separate card from WEX for the HRA funds (see page 15).
- Copays apply for nonpreventive physician office visits, allergy injections and chiropractic visits.
- Most other services require the deductible to be met before the services are covered.
- Prescription copays apply based on the medication.
- The HRA funds can be used for copays, coinsurance or to pay down your deductible as long as you are enrolled in the Norton Healthy Living Plan. Unused funds (not to exceed a balance of \$4,500 in the account) can roll over to the next year if you elect the Norton Healthy Living Plan again. Rollover funds do not become available until sometime after March 31. See more details on page 14. HRA funds are owned by Norton Healthcare and cannot be taken with you if you leave the organization or switch health plans.

LEASE NOT

If you currently have a health care FSA with the Norton Healthy Living Plan and switch to the Norton High-Deductible Health Plan and fund the HSA, you must use all funds from your FSA by Dec. 31, 2023, or you will not be able to contribute to your HSA in 2024.

Norton High-Deductible Health Plan with optional Health Savings Account

• The Norton High-Deductible Health Plan is a low premium, IRS-qualified plan that allows you to elect an optional Health Savings Account (HSA) to help pay for unreimbursed expenses, similar to a flexible spending account (FSA).

Employees who choose the Norton High-Deductible Health Plan will receive a card like this:

- If you have elected to contribute to an HSA, you will receive a separate card from WEX to access those funds (see page 15).
- An HSA is employee-funded, employee-owned and portable.** Contributions roll over from year to year. See more details on page 14.
- Most medical treatments under this plan, including physician services, office visits and hospital services, require your deductible to be met before the services are covered at the applicable level.
- The Preventive Rx program covers selected preventive prescription drugs, including certain asthma and diabetes medications. Copays for these medications are credited toward your out-of-pocket maximum (which is not typical of most plans).
- All other prescription medications are available at a discounted rate, and the costs are credited toward your deductible. Once the deductible is met, prescription copays will apply and amounts paid will be credited toward your out-of-pocket maximum.

**Portable: A benefit that you can take with you if you leave Norton Healthcare. It can be transferred to an individual plan or a new employer's plan. In addition, it is important to know that if you currently have a health care FSA with the Norton Healthy Living Plan and switch to the Norton High-Deductible Health Plan and fund the HSA, you must use all your FSA funds by Dec. 31, 2023, or you will not be able to contribute to or use your HSA in 2024.

Prescription drug coverage

Our medical plans offer prescription coverage through Optum. You can call Optum at **(800) 241-1657** for information about medication pricing (by plan). Visit **OptumRx.com** for access to benefits highlights and pricing for medications (by plan), a list of drugs in the plan formulary and a pharmacy locator.

Drug formularies may change throughout the year, so always discuss prescription options with your provider.

Once you've registered with Optum, you will find even more tools on the website to help you manage your medications and lower your costs.

Optum also offers a mobile app that enables you to view your medications, set reminders to take your medication, receive notifications when your supply is running low, look up potential lower-cost prescriptions and much more.

Specialty pharmacy

Norton Specialty Pharmacy and Walgreens Specialty Pharmacy are the preferred specialty pharmacies for Norton Healthcare employees and their covered dependents. Optum Specialty Pharmacy is not a covered network pharmacy under the benefits plan.

90-day prescription discounts

Both medical plan choices include a 90-day prescription discount plan for maintenance medications. You will save money on copays by filling one 90-day prescription instead of three 30-day prescriptions.

The 90-day prescription discount program is available at Norton Pharmacy locations, via mail order through Optum and at participating retail pharmacies.

DID YOU KNOW?

Prescription coverage information is shown on your medical plan ID card. You will not receive a separate card for your prescriptions. **Norton Pharmacy locations offer employees the lowest possible prices.**

Medical coverage costs

Medical coverage costs for employees statused to work[†] 32 hours per pay period or more are paid through payroll deduction on a pretax basis.

Choices	Norton Healthy Living Plan	Norton High-Deductible Health Plan (HDHP)

Family	\$2,220.52	\$1,516.56		

Costs for employees statused to work fewer than 32 hours per pay period and registry⁺⁺ employees are not paid through payroll deduction. Premium payments are paid directly to WEX, our third-party vendor.

*Statused to work: The number of hours per pay period an employee is hired to work. The FTE (full-time equivalent) also may be noted. An employee statused to work 80 hours a pay period (40 hours a week) would have an FTE of 1.0. The number of hours an employee is statused to work may not be the same number of hours an employee actually works or is scheduled to work in any particular pay period.

⁺⁺Registry employees: Employees hired to work at Norton Healthcare on an "as needed" basis. They also may be referred to as PRN. They are statused to work 8 hours per pay period (.1 FTE).

How to choose a medical plan

Everyone's personal circumstances differ, which is why one medical plan is not suitable for everyone. Here are some factors to consider when choosing a plan:

- What medical services do you and your family use? Look at your prior claims history and/or consider any planned procedures or surgeries.
- How often do you use medical services?
- How much do you want to pay? Plans with lower biweekly premiums generally require larger payments when medical care is provided.

Request a personal benefits enrollment consultation with a benefits education specialist. Call **(502) 629-BENE** (2363), option 2, to make an appointment.

Don't overinsure yourself!

Medical providers

All Norton Healthcare providers are considered in-network (Tier 1), including those who practice at a Norton Children's, Norton Cancer Institute and Norton Medical Group facility/office.

We encourage you to use Norton Healthcare providers. If you don't yet have a primary care provider, it is recommended that you find one and establish a relationship for your medical care. Using your spending accounts

Depending on the plans you choose, you may receive up to three WEX debit cards. Debit cards are valid for four years; see the front of your card for the expiration date. You will receive a new card automatically before your card expires. The type of spending account will be printed on each card underneath the cardholder name. The type of account will be HRA (HLTH REIM ACCT), HSA (HLTH SPEND ACCT) or FSA (FLEX SPEND ACCT).

Based on your enrollment, you will receive two cards per spending account automatically. Cards are for employee and spouse or dependent over age 18. You may request additional cards through your online consumer account or by contacting WEX.

Access to all accounts will be available at **WEXInc.com**.

WEX's mobile app is available for iPhone, iPad and Android devices. It is free to download from the iTunes or Google Play stores. It allows you to:

- Check balances and manage all of your accounts.
- Submit health care and dependent care claims.
- Submit Explanations of Benefits (EOBs) or itemized receipts.
- Contact customer service.

DID YOU KNOW?

Remember, starting Jan. 1, 2024, your HRA card can be used only for 2024 expenses. Your HRA debit card cannot be used for expenses incurred in a prior year, even if funds are available in your account for that year. Example: You have an emergency and go to the hospital on Dec. 30, 2023. You receive the bill in January 2024. Because the services were provided in the prior calendar year, you cannot use your HRA card to pay. You can log in to your WEX account and use the "Pay the Provider" option for filing the claim through March 31, 2024. The other option is to pay the bill and then file for reimbursement through your WEX account.

How do I use my funds?

Participants in a Health Reimbursement Account, health care FSA and dependent day care FSA may use these choices:

- Swipe your WEX debit card to pay for services.
- **Out-of-pocket reimbursement.** Pay for the services, then file a reimbursement claim online.
- File a claim from your smartphone.
- **Pay the provider.** Have WEX send payments directly to your provider Participants in the Health Savings Account may use their WEX card or make distribution requests, which can be paid directly to the provider or paid to you.

For more information on these choices, visit **WEXInc.com** or call **(866) 451-3399**.

REMINDER!

If you have more than one type of spending account (HRA, HSA and FSA), you have a separate debit card for each. Be sure to use the right card because funds and claims cannot be transferred between accounts.

If you currently have a health care FSA with the Norton Healthy Living Plan and switch to the Norton High-Deductible Health Plan and fund the HSA, you must use all funds by Dec. 31, 2023, from your FSA or you will not be able to contribute or use your HSA in 2023. You will not be able to contribute to your HSA until after April 1, 2024.

Verifying or documenting expenses

The IRS requires that certain purchases be verified or documented as eligible expenses. WEX will notify you by email or mail when you need to verify a card transaction. For more information, go to **WEXInc.com** or call **(866) 451-3399**.

How do I complete the verification process?

- **Online** Log into your WEX account, locate the claim and upload your documentation.
- **Mobile application** Locate your claim in the WEX mobile app, then simply take a picture of your document with your phone.
- Fax or mail Download the claim form from WEXInc.com. Fax it along with your documentation to (866) 451-3245 or mail it to WEX, P.O. Box 2926, Fargo, ND 58108-2926.

Your documentation (an explanation of benefits statement is recommended) will need to include five key pieces of information:

- Date of service
- Type of service
- Provider's name
- Patient's name
- Amount you were responsible for paying

Failure to substantiate claims for the health care FSA will result in your being taxed on any unsubstantiated claims when the plan year closes. However, unsubstantiated claims in the HRA will have to be **repaid in full**, not taxed.

Plan year quick reference

Use this chart to review claim deadlines:

Plan year funds (For health care and dependent care FSAs)	Last day you can swipe your card	Last day to submit for reimbursement
2023	March 15, 2024	March 31, 2024
2024	March 15, 2025	March 31, 2025
Plan year funds (For HRA)	Last day you can swipe your card	Last day to submit for reimbursement
2023	Dec. 31, 2023	March 31, 2024
2024	Dec. 31, 2024	March 31, 2025

When you use your WEX debit card at designated Norton Healthcare facilities, you will not need to verify medically eligible medical expenses. Nonmedical purchases will still be denied.

DID YOU KNOW?

If you are enrolled in Medicare, you may continue using your previously contributed HSA funds for out-of-pocket expenses, including Medicare premiums. However, you may no longer contribute to the HSA account.

In addition, any unsubstantiated HRA claims will need to be paid back to WEX prior to the end of the plan year. If not paid to WEX, the funds will need to be paid back to Norton Healthcare in full through payroll deduction.

- Norton Healthcare provides basic life insurance at no cost, so you cannot carry spousal life coverage if your spouse also works for Norton Healthcare.

Cost of spouse life insurance

The cost for spouse life insurance is based on your spouse's age as of Jan. 1 of the plan year and the dollar amount of coverage you choose. You will find these rates when you come to the spouse life insurance section during the online enrollment process.

*Evidence of insurability requires completion of a health questionnaire and possibly other testing at the expense of the insurance vendor.

For spouse life insurance, biweekly costs are based on your spouse's age and amount of coverage, and will be available during the online enrollment.

DID YOU KNOW?

- Norton Healthcare provides basic life insurance at no cost if you are statused to work 32 hours (.4 FTE) or more per pay period. If you and your spouse are both employed at Norton Healthcare with that status, you cannot carry spouse life coverage.
- If your dependent child works for Norton Healthcare and is eligible for basic life through Norton Healthcare, you may not carry dependent life insurance coverage on him or her, and only one of you can cover your dependent for medical, dental and vision insurance.

DID YOU KNOW?

If your dependent was disabled prior to the effective date of coverage, he or she may not be eligible for the full amount of life and AD&D coverage elected.

Disability and leave benefits

If you are unable to work due to illness or injury, disability insurance provides partial income replacement.

Pre-existing condition limitations

Limitations for pre-existing conditions will apply for the first 12 months from the effective date of your coverage if you are electing disability coverage for the first time.

The insurance company may pay for short-term disability benefits for up to four weeks of disability caused by, contributed to or resulting from a pre-existing condition if it is within the first 12 months of the effective date.

Short-term disability

Norton Healthcare will automatically enroll you in **employeepaid** short-term disability coverage equal to 65% of your base salary. You may choose to waive this coverage and its cost when you make your benefits elections.

- Benefits begin after the seventh consecutive calendar day of disability.
- Benefits are paid for up to 26 weeks (180 days) as long as you qualify.
- Disability costs are paid through payroll deduction on a pretax basis. The amount of the payments will be based on the hours and earnings an employee is statused to work. *Statused to work* refers to the number of hours and earnings an employee is hired to work and may not be the same as scheduled hours. You will find details when you come to the short-term disability section during the online enrollment process.

Long-term disability

- Norton Healthcare offers eligible employees the opportunity to purchase long-term disability benefits, which begin after you have been disabled by injury or illness for 26 weeks (180 days) upon approval of the claim.
- Norton Healthcare automatically provides eligible employees with basic long-term disability insurance equal to 50% of base salary. The maximum monthly benefit is \$2,500.
- Norton Healthcare automatically enrolls you in employeepaid additional long-term disability coverage equal to 60% of your base salary. You may choose to waive this additional coverage and its cost when you make your benefits elections. The maximum monthly benefit is \$10,000.
- The cost per pay period is based on salary and hourly status (FTE) and will adjust with each change in salary. You will find details when you come to the long-term disability section during the online enrollment process.

It's never too early to start planning for medical leave, family care leave, parental leave or adoption/foster care leave. Visit **NortonHealthcare.LeaveLogic.com** to get started. You also can access the link on **Nsite** under "Employee Services."

You can file your disability or leave through LeaveLogic or by contacting Unum at **(800) 572-6352**.

All eligible employees will be enrolled automatically in 65% short-term disability and 60% long-term disability coverages. You may waive these coverages and their cost.

Parental leave benefits

Norton Healthcare provides up to four weeks of paid time off at 100% pay for birth mothers and fathers, and adoptive parents.

- For birth mothers who carry short-term disability coverage, parental leave will be paid after the short-term disability ends.
- For mothers, fathers and adoptive parents who do not carry short-term disability coverage, parental leave is paid immediately when the leave begins. The amount of

the payments will be based on the hours an employee is statused to work and the employee's earnings. *Statused to work* refers to the number of hours an employee is hired to work and may not be the same as scheduled hours. *Fulltime equivalent* (FTE) also may be noted. Leave can be taken within the first year of the birth or adoption.

You can file your parental leave through LeaveLogic at **NortonHealthcare.LeaveLogic.com** or by calling Unum at **(800) 572-6352**.

Planning for retirement

Our employees are what make us great, which is why we strive to provide exceptional benefits. We know that benefits choices can be confusing, especially retirement plans. Below is a brief breakdown of the Norton Healthcare 403(b) retirement savings plans and a few action steps to take.

Plan highlights

- **Auto enrollment:** You will be enrolled automatically in the 403(b) plan 31 days after your start date at a contribution rate of 6%. You may elect a different contribution amount at any time by logging in to your account at **Principal.com** or using the Principal app.
- **Matching contributions:** Norton Healthcare will match 100% of your contributions up to 4% on each paycheck.
- If we achieve or exceed our stewardship goal for the year, Norton Healthcare will make an additional match based on your years of service:
 - For your first 10 years of service, the additional match will be 50% on the next 2%.
 - Once you reach 10 years of service, the additional match increases to 100% on the next 2% — so stick around.
 - Make sure you contribute at least 6% of your pay to receive the full match.
- Your contribution rate will automatically increase 1% each year until it reaches 15%.
- Matching contributions are made per pay period. This allows you to take advantage of compound earnings.

It also means that matching contributions stop if you stop contributing or if you reach the maximum contribution limit for the year, so make sure you contribute all year long to take full advantage of the match!

Action steps

- 1. Set up your account. If you don't set it up, a cyberthief might. Go to **Principal.com/Register** to create a username and password and set up your preferences for two-factor authentication. Remember, Principal will reimburse your employer-sponsored retirement account for losses from unauthorized activity that occur through no fault of your own. Learn more at **Principal.com/Customer-Protection-Guarantee**.
- 2. Designate a beneficiary at **Principal.com/Beneficiary** to make sure your retirement savings are handled according to your wishes if anything happens to you. Your accounts' beneficiary designation(s) are critical because they generally override all other estate documents, including wills.

- 3. To access your account 24/7 from your device, download the Principal app. Visit **Principal.com/OnTheGo** or search for it on Google Play or the Apple App Store.
- 4. Schedule a one-on-one meeting with one of our on-site retirement education specialists, John Hill or Angel Workman. They can analyze your unique needs and goals, find gaps in your savings and advise you on ways to close those gaps. To make an appointment, visit Nsite and select Retirement Meetings under My HR Links at the bottom right. You also can email them at hill.john@principal.com or workman.angel@principal.com, or call (502) 629-BENE (2363), option 1.
- 5. Take advantage of additional financial wellness education and resources available through Principal Milestones. Learn to balance your short- and long-term financial goals by taking small actions today that may lead to a more secure future. Visit **Principal.com/Milestones** to find resources for creating a will, paying down student loan debt, creating a household budget and more — all at no cost to you.
- 6. For additional questions, call Principal at (800) 547-7754.

Time-off benefits

FlexTime provides employees with the flexibility to take paid time off to meet their personal needs — whether for vacation, illness, personal business, emergencies or other situations that require time off from work. Your FlexTime accrual rate includes seven organizational holidays, personal time off and sick days.

Norton Healthcare has designed FlexTime to provide you with as much flexibility as possible when you need paid time off. Time away from work can be extremely helpful for maintaining a healthy work-life balance. Be sure to follow your department's approval process to ensure time off doesn't create staffing or scheduling issues.

FlexTime eligibility

- All full- and part-time employees who are statused to work^{*} a minimum of 16 hours (0.2 FTE) per pay period are eligible to accrue FlexTime with certain limited exceptions.
- PRN/registry employees,** temporary employees, executives or anyone who is covered by an employment agreement (unless the agreement states otherwise) are not eligible.

Earning FlexTime

- During the year, FlexTime is earned based on the number of hours paid, up to 80 hours per biweekly pay period.
- If you are a new employee or newly eligible within your first year, you will receive an additional 24 hours of FlexTime front-loaded.
- If you have left Norton Healthcare and been rehired within one year, or are newly eligible with over one year from date of hire, you will receive an additional 8 hours of FlexTime front-loaded.
- The FlexTime rate is based on your years of service, as shown in the chart below.

The chart also shows the maximum total amount that may be accumulated.

FlexTime accrual				
Years of service	FlexTime earned per hour of pay	FlexTime earned per 80-hour pay period	Maximum annual accrued hours	Maximum total accumulated hours

*Statused to work refers to the number of hours an employee is hired to work and may not be the same as scheduled hours. Full-time equivalent (FTE) also may be noted. **PRN/registry employees are those hired to work on an "as needed" basis.

Using FlexTime

- You must use FlexTime for all scheduled time off, including any holidays when your work location is closed.
- You must use FlexTime for all unscheduled time off, unless you are using disability, bereavement leave or parental leave benefits.
- You cannot use FlexTime in conjunction with or to subsidize disability benefits to receive 100% or more of your income.
- You cannot use FlexTime to delay the onset of a short-term disability or parental leave claim.

FlexTime cash-in

Employees may participate in a FlexTime cash-in (also called selling hours) under the following circumstances:

- Pre-election of desired cash-in is made once during open enrollment.
- Pre-election during open enrollment will be paid in November of the following year.
- Once the pre-election is made, it cannot be canceled, changed or modified.
- The minimum conversion election is eight hours.
- The maximum conversion election is 100 hours.
- Full-time employees must leave a balance of at least 40 hours in their FlexTime bank, and part-time employees must leave a balance of at least 20 hours in their FlexTime bank.
- If the annual pre-election FlexTime cash-in amount is more than the actual number of hours available at the time of cash-in, the cash-in will be reduced to reflect available hours less the minimum balance required.

Other time-off benefits

Norton Healthcare also provides paid time off for the following situations:

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit **www.healthcare.gov**.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2023. Contact your State for more information on eligibility –

IMPORTANT NOTICE

This packet of notices related to our health care plan includes a notice regarding how the plan's prescription drug coverage compares to Medicare Part D. If you or a covered family member is also enrolled in Medicare Parts A or B, but not Part D, you should read the Medicare Part D notice carefully. It is titled, "Important Notice From Norton Healthcare About Your Prescription Drug Coverage and Medicare." IMPORTANT NOTICE FROM NORTON HEALTHCARE ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Norton Healthcare and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or your dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- 2. Norton Healthcare has determined that the prescription drug coverage offered by the Norton Healthcare Employee Health Care Plan ("Plan") is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is considered "creditable" prescription drug coverage. This is important for the reasons described below.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare drug plan, as long as you later enroll within specific time periods.

Enrolling in Medicare—General Rules

As some background, you can join a Medicare drug plan when you first become eligible for Medicare. If you qualify for Medicare due to age, you may enroll in a Medicare drug plan during a seven-month initial enrollment period. That period begins three months prior to your 65th birthday, includes the month you turn 65, and continues for the ensuing three months. If you qualify for Medicare due to disability or end-stage renal disease, your initial Medicare Part D enrollment period depends on the date your disability or treatment began. For more information you should contact Medicare at the telephone number or web address listed below.

Late Enrollment and the Late Enrollment Penalty

If you decide to *wait* to enroll in a Medicare drug plan you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7. But as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

If after your initial Medicare Part D enrollment period you go **63 continuous days or longer without "creditable" prescription drug coverage** (that is, prescription drug coverage that's at least as good as Medicare's prescription drug coverage), your monthly Part D premium may go up by at least 1 percent of the premium you would have paid had you enrolled timely, for every month that you did not have creditable coverage.

For example, if after your Medicare Part D initial enrollment period you go 19 months without coverage, your premium may be at least 19% higher than the premium you otherwise would have paid. You may have to pay this higher premium for as long as you have Medicare prescription drug coverage. *However, there are some important exceptions to the late enrollment penalty.*

Special Enrollment Period Exceptions to the Late Enrollment Penalty

There are "special enrollment periods" that allow you to add Medicare Part D coverage months or even years after you first became eligible to do so, without a penalty. For example, if after your Medicare Part D initial enrollment period you lose or decide to leave employer-sponsored or union-sponsored health coverage that includes "creditable" prescription drug coverage, you will be eligible to join a Medicare drug plan at that time. In addition, if you otherwise lose other creditable prescription drug coverage (such as under an individual policy) through no fault of your own, you will be able to join a Medicare drug plan, again without penalty. These special enrollment periods end two months after the month in which your other coverage ends.

Compare Coverage

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. See the Norton Healthcare Plan's summary plan description for a summary of the Plan's prescription drug coverage. If you don't have a copy, you can get one by contacting us at the telephone number or address listed below.

Coordinating Other Coverage With Medicare Part D

Generally speaking, if you decide to join a Medicare drug plan while covered under the Norton Healthcare Plan due to your employment (or someone else's employment, such as a spouse or parent), your coverage under the Norton Healthcare Plan will not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan's summary plan description or contact Medicare at the telephone number or web address listed below.

If you do decide to join a Medicare drug plan and drop your Norton Healthcare prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage you would have to re-enroll in the Plan, pursuant to the Plan's eligibility and enrollment rules. You should review the Plan's summary plan description to determine if and when you are allowed to add coverage.

IMPORTANT NOTICE

COMPREHENSIVE NOTICE OF PRIVACY POLICY AND PROCEDURES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This notice is provided to you on behalf of: Norton Healthcare, Inc. Welfare Benefit Plan*

* This notice pertains only to healthcare coverage provided under the plan. <u>The Plan's Duty to Safeguard Your Protected Health Information</u> Individually identifiable information about your past, present, or future health or condition, the provision of health care to you, or payment for the health care is considered "Protected Health Information" ("PHI"). The Plan is required to extend certain protections to your PHI, and to give you this notice about its privacy practices that explains how, when, and why the Plan may use or disclose your PHI. Except in specified circumstances, the Plan may use or disclose only the minimum necessary PHI to accomplish the purpose of the use or disclosure.

The Plan is required to follow the privacy practices described in this notice, though it reserves the right to change those practices and the terms of this notice at any time. If it does so, and the change is material, you will receive a revised version of this Notice either by hand delivery, mail delivery to your last known address, or some other fashion. This notice, and any material revisions of it, will also be provided to you in writing upon your request (ask your Human Resources representative, or contact the Plan's Privacy Official, described below), and will be posted on any website maintained by Norton Healthcare that describes benefits available to employees and dependents. You may also receive one or more other privacy notices from insurance companies that provide benefits under the Plan. Those notices will describe how the insurance companies use and disclose PHI and your rights with respect to the PHI they maintain.

How the Plan May Use and Disclose Your Protected Health Information

The Plan uses and discloses PHI for a variety of reasons. For its routine uses and disclosures it does not require your authorization, but for other uses and disclosures, your authorization (or the authorization of your personal representative (e.g., a person who is your custodian, guardian, or has your power-of-attorney) may be required. The following offers more description and examples of the Plan's uses and disclosures of your PHI. **Uses and Disclosures Relating to Treatment, Payment, or Health Care**

Operations.

Treatment: Generally, and as you would expect, the Plan is permitted to disclose your PHI for purposes of your medical treatment. Thus, it may disclose your PHI to doctors, nurses, hospitals, emergency medical technicians, pharmacists, and other health care professionals where the disclosure is for your medical treatment. For example, if you are injured in an accident, and it's important for your treatment team to know your blood type, the Plan could disclose that PHI to the team in order to allow it to more effectively provide treatment to you.

Payment: Of course, the Plan's most important function, as far as you are concerned, is that it *pays for* all or some of the medical care you receive (provided the care is covered by the Plan). In the course of its payment operations, the Plan receives a substantial amount of PHI about you. For example, doctors, hospitals, and pharmacies that provide you care send the Plan detailed information about the care they provided, so that they can be paid for their services. The Plan may also share your PHI with other plans in certain cases. For example, if you are covered by more than one health care plan (e.g., covered by this Plan and your spouse's plan or covered by the plans covering your father and mother), we may share your PHI with the other plans to coordinate payment of your claims.

Health care Operations: The Plan may use and disclose your PHI in the course of its "health care operations." For example, it may use your PHI in evaluating the quality of services you received or disclose your PHI to an accountant or attorney for audit purposes. In some cases, the Plan may disclose your PHI to insurance companies for purposes of obtaining various insurance coverages. However, the Plan will not disclose, for underwriting purposes, PHI that is genetic information.

Other Uses and Disclosures of Your PHI Not Requiring Authorization. The law provides that the Plan may use and disclose your PHI without authorization in the following circumstances:

To the Plan Sponsor: The Plan may disclose PHI to the employers (such as Norton Healthcare) who sponsor or maintain the Plan for the benefit of employees and dependents. However, the PHI may only be used for limited purposes, and may not be used for purposes of employment-related actions or decisions or in connection with any other benefit or employee benefit plan of the employers. PHI may be disclosed to: the human resources or employee benefits department for purposes of enrollments and disenrollments, census, claim resolutions, and other matters related to Plan administration; payroll department for purposes of ensuring appropriate payroll deductions and other payments by covered persons for their coverage; information technology department, as needed for preparation of data compilations and reports related to Plan administration; finance department for purposes of reconciling appropriate payments of premium to and benefits from the Plan, and other matters related to Plan administration; internal legal counsel to assist with resolution of claim, coverage, and other disputes related to the Plan's provision of benefits.

To the Plan's Service Providers: The Plan may disclose PHI to its service providers ("business associates") who perform claim payment and plan management services. The Plan requires a written contract that obligates the business associate to safeguard and limit the use of PHI.

Required by Law: The Plan may disclose PHI when a law requires that it report information about suspected abuse, neglect, or domestic violence, or relating to suspected criminal activity, or in response to a court order. It must also disclose PHI to authorities that monitor compliance with these privacy requirements.

For Public Health Activities: The Plan may disclose PHI when required to collect information about disease or injury, or to report vital statistics to the public health authority.

For Health Oversight Activities: The Plan may disclose PHI to agencies or departments responsible for monitoring the health care system for such purposes as reporting or investigation of unusual incidents.

Relating to Decedents: The Plan may disclose PHI relating to an individual's death to coroners, medical examiners, or funeral directors, and to organ procurement organizations relating to organ, eye, or tissue donations or transplants.

For Research Purposes: In certain circumstances, and under strict supervision of a privacy board, the Plan may disclose PHI to assist medical and psychiatric research.

To Avert Threat to Health or Safety: In order to avoid a serious threat to health or safety, the Plan may disclose PHI as necessary to law enforcement or other persons who can reasonably prevent or lessen the threat of harm. For Specific Government Functions: The Plan may disclose PHI of military personnel and veterans in certain situations, to correctional facilities in certain situations, to government programs relating to eligibility and enrollment, and for national security reasons.

Uses and Disclosures Requiring Authorization: For uses and disclosures beyond treatment, payment, and operations purposes, and for reasons not included in one of the exceptions described above, the Plan is required to have your written authorization. For example, uses and disclosures of psychotherapy notes, uses and disclosures of PHI for marketing purposes, and disclosures that constitute a sale of PHI would require your authorization. Your authorization can be revoked at any time to stop future uses and disclosures, except to the extent that the Plan has already undertaken an action in reliance upon your authorization.

Uses and Disclosures Requiring You to Have an Opportunity to Object: The Plan may share PHI with your family, friend, or other person involved in your care, or payment for your care. We may also share PHI with these people to notify them about your location, general condition, or death. However, the Plan may disclose your PHI only if it informs you about the disclosure in advance and you do not object (but if there is an emergency situation and you cannot be given your opportunity to object, disclosure may be made if it is consistent with any prior expressed wishes and disclosure is determined to be in your best interests; you must be informed and given an opportunity to object to further disclosure as soon as you are able to do so). Your Rights Regarding Your Protected Health Information

You have the following rights relating to your protected health information: **To Request Restrictions on Uses and Disclosures:** You have the right to ask that the Plan limit how it uses or discloses your PHI. The Plan will consider your request, but is not legally bound to agree to the restriction. To the extent that it agrees to any restrictions on its use or disclosure of your PHI, it will put the agreement in writing and abide by it except in emergency situations. The Plan cannot agree to limit uses or disclosures that are required by law.

To Choose How the Plan Contacts You: You have the right to ask that the Plan send you information at an alternative address or by an alternative means. To request confidential communications, you must make your request in writing to the Privacy Official. We will not ask you the reason for your request. Your request specify how or where you wish to be contacted. The Plan must agree to your request as long as it is reasonably easy for it to accommodate the request.

To Inspect and Copy Your PHI: Unless your access is restricted for clear and documented treatment reasons, you have a right to see your PHI in the possession of the Plan or its vendors if you put your request in writing. The Plan, or someone on behalf of the Plan, will respond to your request, normally within 30 days. If your request is denied, you will receive written reasons for the denial and an explanation of any right to have the denial reviewed. If you want copies of your PHI, a charge for copying may be imposed but may be waived, depending on your circumstances. You have a right to choose what portions of your information you want copied and to receive, upon request, prior information on the cost of copying.

To Request Amendment of Your PHI: If you believe that there is a mistake or missing information in a record of your PHI held by the Plan or one of its vendors you may request in writing that the record be corrected or supplemented. The Plan or someone on its behalf will respond, normally within 60 days of receiving your request. The Plan may deny the request if it is determined that the PHI is: (i) correct and complete; (ii) not created by the Plan or its vendor and/or not part of the Plan's or vendor's records; or (iii) not permitted to be disclosed. Any denial will state the reasons for denial and explain your rights to have the request and denial, along with any statement in response that you provide, appended to your PHI. If the request for amendment is approved, the Plan or vendor, as the case may be, will change the PHI and so inform you, and tell others that need to know about the change in the PHI.

To Find Out What Disclosures Have Been Made: You have a right to get a list of when, to whom, for what purpose, and what portion of your PHI has been released by the Plan and its vendors, other than instances of disclosure for which you gave authorization, or instances where the disclosure was made to you or your family. In addition, the disclosure list will not include disclosures for treatment, payment, or health care operations. The list also will not include any disclosures made for national security purposes, to law enforcement officials or correctional facilities, or before the date the federal privacy rules applied to the Plan. You will normally receive a response to your written request for such a list within 60 days after you make the request in writing. Your request can relate to disclosures going as far back as six years. There will be no charge for up to one such list each year. There may be a charge for more frequent requests.

How to Complain About the Plan's Privacy Practices

If you think the Plan or one of its vendors may have violated your privacy rights, or if you disagree with a decision made by the Plan or a vendor about access to your PHI, you may file a complaint with the person listed in the section immediately below. You also may file a written complaint with the Secretary of the U.S. Department of Health and Human Services. The law does not permit anyone to take retaliatory action against you if you make such complaints.

Notification of a Privacy Breach

Any individual whose unsecured PHI has been, or is reasonably believed to have been used, accessed, acquired or disclosed in an unauthorized manner will receive written notification from the Plan within 60 days of the discovery of the breach.

If the breach involves 500 or more residents of a state, the Plan will notify prominent media outlets in the state. The Plan will maintain a log of security breaches and will report this information to HHS on an annual basis. Immediate reporting from the Plan to HHS is required if a security breach involves 500 or more people.

Contact Person for Information, or to Submit a Complaint

NORTON HEALTHCARE EMPLOYEE HEALTH CARE PLAN If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (e.g., divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);
- Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor;
- Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- Failing to return from an FMLA leave of absence; and
- Loss of eligibility under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of eligibility under Medicaid or CHIP, you must request enrollment within *30 days* after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you may request enrollment under this plan within **60 days** of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy toward this plan, you may request enrollment under this plan within **60 days** after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy. In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within **30 days** after the marriage, birth, adoption, or placement for adoption. To request special enrollment or obtain more information, contact: Norton
