

CAREER-READY

Child Life Specialist Program

Norton Healthcare Center for Nursing Practice is announcing a new program with Bellarmine University! In this program, students interested in a career as a child life specialist can complete the first nationally recognized Bachelor of Arts in Health Care: Child Life program.

Program overview

Made possible through an academic-practice partnership between Norton Healthcare and Bellarmine University, selected students will:

- Enroll at Bellarmine University
- Become a Norton Healthcare Scholar
- Complete child life specialist curriculum developed by our child life specialists
- Complete 600 child life specialist internship hours at Norton Children's Hospital and Norton Women's & Children's Hospital

Bellarmine University

Throughout the program, students must meet and adhere to Bellarmine University Donna and Allan Lansing School of Nursing and Clinical Sciences' requirements for students, as published in the student handbook. For questions about the curriculum and participation requirements, contact Diana Mackenzie, director of dual credit and nontraditional enrollment, at dmackenzie@bellarmine.edu. For questions about program admissions, contact Tim Sturgeon, special assistant to the vice president for enrollment, at tsturgeon@bellarmine.edu.

Tuition assistance

 Tuition assistance is available for program participants through the Norton Healthcare Scholars Program. You must remain up to date with program requirements to continue receiving tuition assistance. Visit MyNortonScholar.com, or scan the **QR code**, to create an account and get started. Email WorkforceDevelopment@nortonhealthcare.org if you have questions about tuition assistance.

To be considered for employment after completing the program, you must apply and interview for a child life specialist position and meet all pre-employment requirements.

Connect with our team at SON@nortonhealthcare.org.
