

Norton Neuroscience Institute Memory Center

Letter from the Director

Welcome to Norton Neuroscience Institute Memory Center!

It is our mission to provide the most accurate diagnosis and the best possible care in a compassionate manner through a multidisciplinary team approach. Our team includes physicians, advanced practice providers, a neuropsychologist, nurse navigators as well as speech, occupational and physical therapists, pharmacist, social worker and program coordinator. We work together closely for the benefit of the patient and caregiver. We believe that a multidisciplinary approach centered upon the patient and caregiver allows us to provide a higher level of service.

Through our Norton Neuroscience Institute Resource Center, we are able to provide programs and classes to best educate and support patients and care partners. Please find out more about these opportunities [here](#):
