

# Your Gift Helps Keep Our **Community** Healthy

**The Rev. John N. Norton was considered by many to be a good Samaritan because of his strong values and devotion to the poor.** More than a century later, his giving spirit lives on in the more than 16,700 members of the Norton Healthcare family, and you are an extension of that family.

The challenges of 2020 have forever changed how we respond to the health care needs of our community. As we have done for more than 130 years, Norton Healthcare will continue to lead the way in providing innovative and equitable care for all. In this report, you will find some of the ways you have had an impact on care for patients and families over the past year.

As the philanthropic arm of Norton Healthcare, the Norton Healthcare Foundation funds programs, equipment, facilities, research and education for patients and families receiving care at Norton Audubon Hospital, Norton Brownsboro Hospital, Norton Hospital, Norton Women's & Children's Hospital, Norton Cancer Institute, Norton Heart & Vascular Institute, Norton Neuroscience Institute, Norton Women's Care and other adult health programs.

Funding projects that help the whole person

As a not-for-profit organization, our greatest reward is the health of our community. Your gift helps fund health services and programs that support the body, mind and spirit so no one has to go far from home to get comprehensive care that helps them heal.

The Norton Healthcare Foundation helped fund these services and programs:

### FACILITIES AND TECHNOLOGY

Renovations at the Breast Health Center in Norton Healthcare Pavilion

Family Comfort Garden at Norton Hospital
