

# Norton Healthcare Pre-admission Testing

You will need to complete the pre-admission process, including a COVID-19 swab test, so we can clear you for your upcoming procedure. This is necessary to reduce the risk of infection before your procedure.

## Before your appointment

- You will be given an appointment time for the Norton Healthcare Pre-admission Testing Clinic, located at Norton Healthcare Pavilion, **315 E. Broadway**, Louisville.
- Be sure to bring photo I.D.
- **Do not use the Broadway entrance to Norton Healthcare Pavilion for your pre-admission testing appointment.** Pull into the Preston Street entrance of the Norton Healthcare Pavilion parking garage. You will need to take a ticket and park in one of the pre-admission testing reserved spots on the right side of the first floor of the garage.
- Stay in your car and call us at **(502) 629-2906** to let us know you have arrived. You will register over the phone and receive directions to the testing clinic.

## After your appointment

- Test results typically are available within three to five days and will go directly to your surgeon's office.
- Your surgeon's office will call you and explain your next steps.
- You may be instructed to self-quarantine after your test and prior to your surgery.
- If you have any questions, contact your surgeon's office directly.
